## Al Hassan Engineering celebrates milestones

**A**L HASSAN Engineering Co. SAOG (AHEC) achieved a unique milestone of completing 32 million man-hours without lost-time injury since 2007. This and several other milestones in 2009 were celebrated by the company on February 16 at the Grand Hyatt Muscat. The function was attended by a large number of dignitaries, including Mohammed Abdullah Al Mahrouqi, Chairman, Public Authority for Electricity and Water (PAEW); and Pan Weifang, Chinese Ambassador. In his welcoming address, Hassan bin Ali Salman, Chairman of AHEC, touched upon some of the important achievements of the company since its inception in 1982. Presenting a brief outline of the unique milestones of AHEC, Peter Hall, Chief Executive Officer, said: "In 2009 AHEC worked 12.3 million man-hours and drove 14.6 million km without any LTI. This feat is achieved for the second year in succession."
